Terms and Conditions

CUSTOMERS are requested to state mode of shipping, express or freight, and by what route. When none is given, we exercise our judgment, but in no case do we assume responsibility after goods are shipped unless for our own mistakes.

While we exercise the greatest care to have all trees, shrubs and plants sold by us genuine and reliable, and hold ourselves prepared to replace, on proper proof, any that may prove otherwise, we do not give any warranty, expressed or implied, and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods.

All claims for errors or deficiencies must be made immediately upon receipt of the goods.

TERMS: Cash with order from unknown parties or satisfactory references.

Five hundred will be furnished at the thousand rate; fifty at the hundred rate, and five at the ten rate.

The prices quoted are for our selection and are effective until June 1st, 1927. Where stock is selected by customers it will be charged for in accordance with its value.

Shipment in bulk will be packed at no charge. Where packing is done in boxes or bales, a charge will be made to cover the cost of material used.

A certificate of inspection from the State Entomologist will accompany each shipment.

The Spring shipping season usually begins here about March 15th, and the fall season for evergreens, August 15th. Deciduous stock, October 15th.

Eatontown is on route No. 4 of the New Jersey State Highways, and about forty miles from New York on the Southern Division of the C. R. R. of N. J.

Deciduous Shrubs

To say that our shrubs are heavy is a very tame description. They are all transplanted two or more feet apart on heavily manured ground and we have never seen a more vigorous lot.

All orders dug immediately prior to shipping; our shrubs are not trenched in anticipation of sale, or cellar stored.

Broad-leaved Evergreens

All of our Broad-leaved evergreens are transplanted in nursery rows, including dwarf Box; this enables us to allow each plant ample room and insures bushy development.

Our Azaleas and Buxus are unusually fine and we will gladly send samples on request.
